## **Welcome friends old and new.**

Welcome to the 9<sup>th</sup> annual Midland American Auto Club show. We would like to thank our sponsors and all those who make the show an enjoyable weekend.

We would like to thank our club members old and new for their continued support. This year the club is proud to be associated with Our Lady's Children's Hospital as our adopted charity.

This year the Midland American Auto Club is extremely proud to announce that the UK & Ireland's premier magazine for vintage American vehicles, 'Classic American' will host one of their prestigious 'Car of the Year' heats to choose an American car or truck from Ireland to be displayed at a major classic car show in Birmingham to compete for the title of 'Car of the Year' - the best restored American vehicle in all of Ireland and Great Britain.

'It truly is an honour and a testament to the quality of the restoration of American vehicles now being achieved in Ireland. Come and see for yourselves. 'said Ben Klemenszon the magazine's editor who will be there in person to do the judging.

Safety is always a priority - please obey the marshal's instructions at all times and obey speed limits within the show grounds.

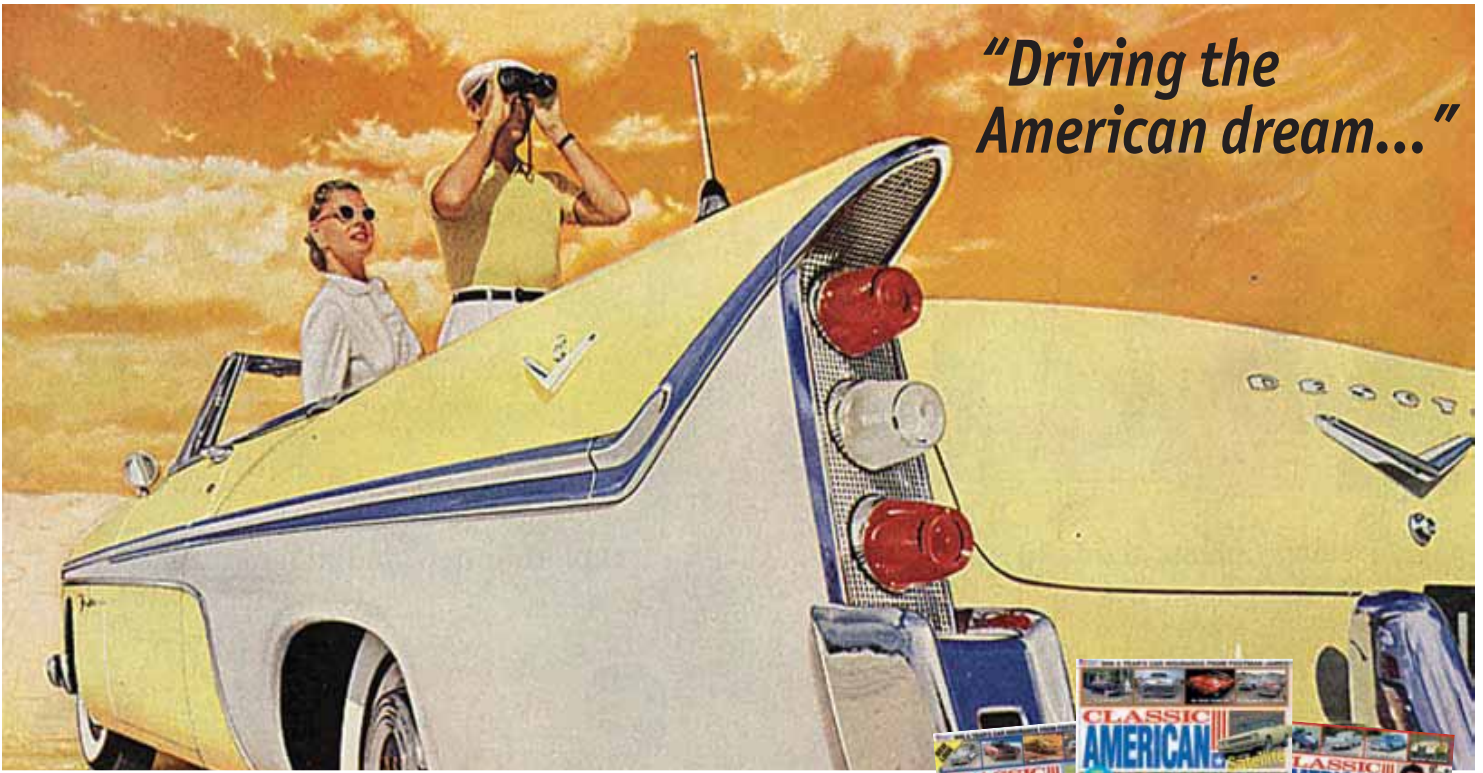

If you need to contact the show organisers with any concerns please contact +353 (0) 87 9864199 or +353 (0) 87 2388400.

We hope that you, your family and friends enjoy the weekend.

### **Please note:**

**All vehicles and contents are left at the owners risk. No responsibility accepted for loss or damage to property or vehicles.**

*"Driving the American dream..."*

## Classic American

Classic American is the number one American car and lifestyle publication featuring everything from Fifties fins and chrome classics, to rip-snorting Sixties muscle cars. Filled with adverts for cars, parts, as well as exhaustive show and club listings and reports, it's no wonder they call it 'the bible of the American car scene'! Pick up a copy today for only £3.99. Available from all good newsagents or direct from Mortons Media Group Ltd.

Call 01507 529529 or visit [www.classic-american.com](http://www.classic-american.com)

**ALL MAJOR CREDIT CARDS ACCEPTED**

Hi there and welcome to the show-

As an MAAC member and parent of a child who had a serious illness, I've been asked to write a few words on this weekend's adopted charity - Our Lady's Children's Hospital, Crumlin.

From minor ailments to life threatening diseases, Crumlin Hospital diagnose, treat and with the Children's Medical Research Centre, strive continuously to improve the lives of sick children. This commitment goes on tirelessly every day, all year round. As you can imagine, funding plays a big part in this endeavour. Whether it's for specialist equipment or upgrading a ward or unit, the end result at Crumlin is one thing - a child's wellbeing and happiness.

I've seen first hand the effects of monies raised for the hospital and can tell you that the boost to morale and confidence of all the staff is only outshone by the smiles and laughs of the kids who ultimately benefit, and that's the best medicine of all! So please, donate what you can today and be assured, no matter how big or small, your contribution is not only truly appreciated but does make a life changing difference.

You'll see collectors with buckets around the show field. Stop, have a chat and a laugh with them but more importantly - enjoy your day and thanks for coming along.

Finally, a big thank you to all the MAAC members for not only organising today's show, but for supporting Our Lady's Children's Hospital and to the advertisers and sponsors of the programme you hold in your hands.

Cheers everybody,

Peter Sheppard

Midland American Auto Club was formed by American car and truck enthusiasts for American car and truck enthusiasts in 2001. Our goals are simple. We wish to enjoy our hobby, share our experiences and have some fun together.

We pride ourselves on being open to others and willing to pass on information and advice to those who wish to start this great hobby, be it where to get a car or truck, where to get parts, or how to deal with the importing, registering, taxing and insuring of an American car or truck.

We come from all walks of life, are very informal and all are very approachable. We don't have a committee as such although we do have two founder members who hold key positions in the club. Some people have many cars and or trucks, some only one, some have projects which have been years in the making and still are. We help each other restore or simply keep their car or truck on the road.

We have an annual All-American Car & Truck event on the club grounds in September, which is the largest of its kind in Ireland and attracts vehicles from all over the country, the UK, the Netherlands, France, Belgium and direct from the USA.

Please have a look through the rest of the site and feel free to contact us if you have any queries or questions.
